Anyone interested in displaying statistical data should watch videos by Hans Rosling. His website is gapminder.org

Videos are available there and also on Ted.com

Start with the 2005 video, “*The best stats you've ever seen*” and the 2006 video, “*New insights on poverty*”.

Make your own Motion Charts

You can make “Motion Charts” in Google Docs. Select “Create Spreadsheet.” Put geographic entity in first column, date in second column and numeric data in third and fourth columns. Select “Insert Chart/ Motion Chart”.
